TO: ALL STATE PLANT REGULATORY OFFICIALS

I am pleased to send you our 1995-1996 Massachusetts Certified Nursery and Greenhouses and Licensed Agents Directory. The directory lists 276 certified growers and 860 licensed agents by this state.

The Massachusetts nursery industry, including bedding plants is the largest single agricultural dollar generator and is considered a fundamental part of Massachusetts Agriculture. As an increasingly urban state, we are concerned that this industry continue to prosper and grow. A healthy nursery industry creates jobs, beauty, helps maintain open space, and reduces pollution.

The Bureau of Plant Industries has undergone a slight consolidation in 1995. It has been merged with the Bureau of Farm Products and is now referred to as: The Bureau of Farm Products and Plant Industries, under the direction of George M. Porter, Bureau Chief.

Phyllis Michalewich supervises the nursery inspection and licensing program, Al Carl directs the Apiary inspection program, while George Porter manages fertilizer and feed registration, along with the apple inspection program.

By this letter we certify that the nurseries and agents listed in this directory have been duly inspected and licensed to sell nursery stock in the state of Massachusetts. Should you need further information or explanation of the requirements for the shipment of nursery stock into Massachusetts please feel free to call the Bureau of Farm Products and Plant Industries at 617-727-3020, extension 124, to reach Phyllis Michalewich or extension 141 to speak to George Porter.

Sincerely;

A handwritten signature in dark ink, appearing to read "Jon Healy", written over the printed name.

Jonathan L. Healy, Commissioner
